

Company Description:

LiveTrends Design Group is a design, marketing, and production company that specializes in unique home décor for the mass-markets in the USA and Canada. The LiveTrends brand is distributed at over 15,000 retail stores nationwide, and all of its products are designed and hand-crafted in the Orlando area. All LiveTrends products feature living components (succulents, air plants, cacti, etc.), which are artfully combined with trend-driven, creatively designed elements to make one-of-kind pieces of living art.

At LiveTrends our mission is bold but simple: to change how living décor is designed, sold and enjoyed...worldwide. Despite its youthful age of just 4 years, LiveTrends is becoming a household name in North America. Our products reach the homes of over 300,000 consumers each month, and the key to our success is our ability to create uniquely hand-made living décor at affordable prices and mass-market quantities. We also just received the honor of being listed #256 on the national Inc. 5000 list and #3 on the Coolest Inc. 5000 Products for 2017.

LiveTrends operates like a high fashion company: there are five full-time designers that work on trend forecasting, product development, and consumer testing. We have design and trend collaborators in many countries in Europe, including Denmark, Germany, and Belgium. As a result, LiveTrends designs over 300 innovative new products per year. We work on an 18-month forward product cycle, with heavy emphasis on trend forecast, home fashion, and consumer research.

LiveTrends' culture is extremely important to us. Every person on our team believes in our driving core values: Quality, Team, Passion, Speed, and Innovation. We view LiveTrends as a humble, fun, locally-crafted lifestyle brand with a national footprint. We currently employ 150 amazing people, and we are growing every day. Our products are available at Lowe's, Target, Wal-Mart, Home Depot, Costco, Publix, Whole Foods, Kroger, CVS, Amazon, and many other outstanding retailers in North America.

LiveTrends is currently searching for a highly energetic, motivated and creative individual to fill the role of Industrial Designer.

Industrial Designer: Job Description

This position is new, and will report to the Director of Design. The main task is to contribute to all creative areas: from product design and packaging, to general creative problem solving. An innovative mind set is key.

We are looking for someone who is a skilled model maker, passionate about contemporary arts and crafts. Any experience in designing accessories (personal or home) will help. This is a rare opportunity to wear many hats and to join a young and dynamic organization, which offers exciting and varied growth potential.

LiveTrends develops 300 new products lines every 12 months. There are two launch events per year: Spring/ Summer Portfolio and Fall / Winter Portfolio. The typical development cycle is 18 months forward.

The LiveTrends Brand promises are **Quality, Team, Passion, Speed, and Innovation**. These values are the driving factors that create the blue print for all positions at the company.

Responsibilities:

- Based on a clear brief and budget, design innovative and desirable products
- Generate multiple and varied concepts on a theme
- Learn the creative process
- Immerse yourself in the company to deliver a clear “brand voice” to all products
- Become familiar with all LiveTrends product collections past and present, to better inform collection design moving forward
- Collaborate effectively with all product stakeholders and beyond
- Know how to interpret and process Trend Reports into excellent forward-thinking product design
- Packaging design and creative problem solving beyond the studio

Requirements and Qualifications:

- Min. 2 years of experience in Industrial/3D Design (includes internships)
- Basic understanding and knowledge of manufacturing, materials and processes
- Experience within the Home Décor, Floral, or Fashion industries is preferred
- Keen interest and passion for trends, design, and art
- Experience in the mass-market retail category is a big plus
- Proven track record of successfully developed and launched products
- Experience with end-consumer product testing is a plus
- Minimum: Bachelor’s Degree in Industrial Design or related
- Ability to listen hard, effectively take direction, and learn on the job
- Ability to communicate clearly with sketches
- Excellent presentation skills
- Excellent writing skills
- Ability to work under pressure and tight deadlines
- Competent knowledge of Adobe Creative Cloud, Rhino (or equivalent 3D software), Key shot (or equivalent)
- Perfectionist approach to details

- Appreciation of the Florida sun
- BA/BS degree in Business Administration, Sales or relevant field and/or combined experience

Benefits:

- Competitive pay structure
- Matching 401k
- Medical insurance and additional health benefits
- Paid time off and paid holidays throughout the calendar year
- Ability to learn, be creative, and deliver truly beautiful products to millions of consumers
- Through proven success, motivation, and team work, potential for growth and promotions within the organization
